HOME SWEET HOME

At NorthCountry we recognise that we are all individuals and like to live according to our taste, trend, mood and family make-up.

There are only certain parts of a new home you can add your style to before you move in which is why we have teamed up with Richmond Furniture to give you an extensive range of kitchen combinations to choose from.

With a choice of door, worktop, handle, and splashback, there will be a multitude of choices designed for you to personalise.

What we fondly see as the heart of the home.

We hope you love our range.

Richmond

●●●●● FURNITURE

RICHMOND FURNITURE QUALITY KITCHENS

We are proud and excited to share that NorthCountry Homes have formed a Supply Partnership with Richmond Furniture for our quality kitchens.

Richmond Furniture was first established in 1987 and has proudly serviced the UK Housebuilders since their conception.

The provision of high quality furniture backed by solid service foundations – that's what they do.

Our range of kitchens are manufactured by Richmond right here in the United Kingdom, in their highly invested facility in Glossop, a small market town in the Borough of High Peak, Derbyshire.

You will love your new kitchen.

870mm High Base Units (Excludes Worktops)

Premier Drawer Box in White

Frontal Matched Corner Post

FRONTAL MATCHED When we use the term 'Frontal Matched' gables, this explains that the exposed sides of your units will be manufactured from the same material as the kitchen door creating a 100% match.

COLOUR MATCHED When we use the term 'Colour Matched' gables, this explains that the exposed sides of your units will NOT be manufactured from the same material as the kitchen door but in a substitute material, usually a melamine faced chipboard to the best available colour match but not the finish of the door. Always consult Richmond for samples to approve.
